2M Folding Aluminum Wall Leveling Ruler

2M High-Precision Folding Aluminum Wall Leveling Ruler with Bubble Level

Brand	Generic
Price	₦153,000
Stock Availability	10 units available

DESCRIPTION

A folding aluminum leveling ruler for checking flatness, levelness, and perpendicularity on walls and floors. Unfolds to 2m for full-length checks and folds down to 1m for compact storage and transport. Built-in bubble level vials and a graduated scale (1mm/1m and 1mm/2m) give quick, precise deviation readings on site.

KEY FEATURES

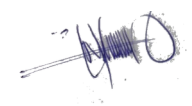

- Folding aluminum alloy frame — lightweight, durable, compact for storage
- Unfolds 1m → 2m for large-surface checks
- Dual bubble level vials for quick visual alignment
- Graduated precision scale with fine adjustment dial
- Non-slip rubber-coated handle
- Shockproof rubber foot padding
- Secure fold-lock mechanism at hinge points

TECHNICAL SPECIFICATIONS

Measurement Range	0 – 2m
Accuracy	±0.5mm
Line Width	1.2mm
Folded Length	1m
Unfolded Length	2m
Material	Aluminum alloy
Brand	Generic
Stock	10 units
Price	₦153,000

NOTE: Specifications and pricing above are as supplied and have not been independently verified against a manufacturer datasheet.
